

ESSENTIAL STEELWORKERS AT REPUBLIC DESERVE A FAIR CONTRACT NOW!

July 27, 2022 - The USW Bat Light visited Ohio and New York this week to send a clear message to Republic Steel: FAIR CONTRACT NOW! Members of Canton, Massillon and Lackawanna, their families, and even the community driving by turned out in solidarity and support of our fight for a fair contract.

After weeks of Republic dragging its feet, it's time for them to get serious with a contract that recognizes the sacrifices and dedication of our dedicated steelworkers. Even with a pandemic, our members showed up when the company needed them, now it's Republic's turn!

Stay tuned for more information and updates from your USW Bargaining Committee. Make sure you've signed up to receive text updates! Text **Republic** to phone number **47486**.

SOLIDARITY!
